Major Way,

The USS Thresher ANC Memorial Foundation would like to select the alternative location for the USS Thresher Memorial along the walkway that runs by the F-4 memorial.

Tom Wiley would like to come by to pinpoint the location with your staff either tomorrow between 1000 and 1400, or Friday morning between 1000 and 1100. If this week is not possible, is there a day early next week between 1000 and 1400 that would work for you and your staff?

We are looking to place the monument with a similar setback to what was used for the VHPC memorial, close to the path to allow tours passing to stop, view, honor and learn.

With respect,
Kevin
